THINKPAD X120e Notebook

THINKPAD® X120e: A FEATURE PACKED ULTRAPORTABLE NOTEBOOK

The Lenovo® ThinkPad continues its leadership of presenting contemporary design and technology for mainstream computing. The ThinkPad X120e is a featured packed ultraportable notebook designed for mobile professionals, educators and students who need fast performance, long battery life and multiple connectivity options – all at an affordable price.

The ThinkPad X120e is the first commercial notebook featuring the AMD Fusion™ processor technology along with DDR3 memory, High-Definition Multimedia Interface (HDMI), a low-light-sensitive camera and a full-size ergonomic keyboard. This new AMD™ Vision Pro technology provides exceptional visual and processing power with improved performance of applications like Internet Explorer 9, Adobe FireFox® 4 and Adobe Flash® 10.1. With AMD™ Vision Pro technology on ThinkPad X120e, users will also experience increased productivity and faster multi-tasking through multiple monitor support and enhanced Microsoft® Office efficiency.

With the ThinkPad X120e starting the system and getting to work is no longer time-consuming. Lenovo Enhanced Experience speeds up the system's response time with faster boot-up, shutdown and resume from sleep. The ThinkPad X120e includes a full-size spill-resistant keyboard along with built-in multimedia function keys for easy audio and video control. Along with the latest in innovative technology, the ThinkPad X120e comes with Lenovo's unmatched support and services.

Faster Computing and Graphics Performance

Graphics performance, wireless mobility and comfortable computing are just some of the strengths of the ThinkPad® X120e.

- **Faster multitasking and better graphics performance with AMD™ Vision Pro technology** – use office applications with greater efficiency and productivity.
- **Faster performance and software acceleration with AMD™ Graphics** – use graphically loaded PowerPoint presentations and Web applications with a more vibrant experience.
- **Faster wireless connectivity with Lenovo's Instant Resume mode** – no more hassles of searching for and connecting to wireless networks while carrying the ThinkPad between meetings.

Longer Battery Life

With the ThinkPad X120e, work comfortably from anywhere for a longer time, without the need to charge the notebook.

- The new AMD™ Vision Pro platform offers up to 7.5 hours of battery life with a six-cell battery.
- The ThinkPad X120e comes with AMD PowerNow™ 3.0 technology that actively manages power consumption to maximize battery life.
- The Always-On USB port helps charge BlackBerry®, iPod® and other USB devices even when the ThinkPad is in standby or hibernate state or is switched off.

Optimized Multimedia, VOIP and Video Conferencing Experience

Easily connect to HDTVs and work efficiently and comfortably in any environment.

- **HDMI for video output** – the ThinkPad X120e is equipped with an HDMI port. Connect external high-definition displays and HDTVs to the ThinkPad X120e and view your content on the big screen.
- **Integrated low-light-sensitive Webcam** – the notebook is optimized to deliver a clearer image even in poor lighting conditions, making it easy to stay connected through video conferencing even when on the move.
- **Full-size contemporary keyboard** – the keyboard is ergonomically designed for a comfortable typing experience. It also contains easy-to-access multimedia keys to help manage audio and video playback.

Secure Mobile Computing

The ThinkPad X120e is built for higher data security in any environment.

- The ThinkPad BIOS with power-on and hard disk password manager secures your data from unauthorized access.
- Active Protection System™ protects your data against abrupt movement or accidental fall.
- Durable spill-resistant keyboard protects the notebook from accidental liquid spills.
- Apart from maintaining wireless connectivity, the Instant Resume mode stops the hard drive rotation when the notebook is closed.
